PROFILE SUMMARY

Aspiring UI Developer with a solid foundation in HTML5, CSS, JavaScript, and Python, dedicated to crafting responsive, user-friendly, and accessible interfaces. Passionate about translating design concepts into functional, high-performance applications while ensuring cross-browser compatibility and adherence to modern best practices. A detail-oriented and fast learner with a strong commitment to continuous improvement and staying current with emerging technologies. Seeking an opportunity to contribute to innovative projects, collaborate with dynamic teams, and advance as a front-end development professional.

EDUCATION

Vignan Degree and PG College	Nov 2021-May 2024
Degree (BSc Computers)	CGPA:8.65/10

PROJECT

Online Candy Store

- Built an e-commerce and responsive online candy store using HTML, CSS, JavaScript, and bootstrap framework, providing a visually appealing and seamless user experience.
- Developed dynamic product pages with interactive features such as search functionality, animations, and hover effects to enhance the browsing experience, making the store visually engaging and user-friendly.
- Implemented a functional shopping cart system with real-time updates, enabling users to add, remove, and manage items effortlessly.
- Optimized website design for cross-device compatibility and ensured consistent performance across desktop, tablet, and mobile platforms.

Product Admin Dashboard

- Developed a responsive e-commerce admin dashboard using HTML, CSS, and Bootstrap framework.
- Optimized cross-browser compatibility and mobile responsiveness to ensure smooth functionality across all devices.
- Created and managed product pages, including Product Listings within the dashboard, customizable Account Settings on the accounts page, and secure Login functionalities on the admin login page.
- Designed an interactive dashboard to enhance usability, ensuring an improved user experience and efficient product management.

TECHNICAL SKILLS

- **TECHNOLOGIES:** HTML, CSS, JavaScript, Python
- **FRAMEWORKS:** Bootstrap
- **Tools:** Git, GitHub, Visual Studio Code

SOFTSKILLS:

- Team Management
- Quick Learner
- Enthusiast for Learning
- Adaptability
- Communication
- Time Management
- Flexibility
